

Overview

We represent privately held companies in a wide array of business matters. Our attorneys are experienced in the formation of business entities, business mergers and acquisitions, litigation of business disputes, and general legal consulting. We act as needed on discrete matters or provide imbedded outside general counsel business services arrangements.

Our attorneys' experience in business transactions enables the firm to provide clients services regarding:

- business entity formation & structuring
- mergers & acquisitions
- business succession planning (shareholder, buy-sell, and other agreements)
- corporate governance & compliance
- shareholder/partner/member disputes
- contract preparation & analysis
- corporate employment matters & disputes
- asset protection & risk management
- asset sales & purchases
- creditors' rights & remedies
- loan documentation & credit transactions
- insurance coverage counseling & guidance
